I want to personally thank you for your involvement in our community and present you with membership in the Palo Alto Police Department's "We're Connected" program. The "We're Connected" program is in direct support of the philosophy of Community Policing in the City of Palo Alto. With the support of organizations like yours, we can "turn relationships into partnerships" in an allied effort to address crime and the fear of crime in our community.

Community partnerships are a vital component to Community Policing. They allow us to become educated about community issues and to enlist the community's valuable support in solving problems. Partnerships also reinforce the fact that the entire community is responsible for public safety.

It is only through the community involvement of organizations like yours that we can further improve the quality of life and "connect" the various participants in our community.

Thank you again for your valued involvement in our community.

Sincerely,

Patrick Dwyer  
Chief of Police
